CORPORATE CAPABILITY STATEMENT

About ADG Enterprises, Inc.

ADG Enterprises, Inc. (ADG) was founded by Diana Patterson as a 100% woman-owned, small disadvantaged business enterprise. Headquartered in Atlanta, Georgia, ADG is a solutions-oriented company, focused on delivering quality-based services on time and at a competitive price.

As a company, ADG has grown from a local service provider to one that provides domestic and international services. We provide services across a broad spectrum of businesses and industries from International Freight Forwarding to our most recent award providing, nationwide 50 state, physical inventory services for the Defense Commissary Agency as one of 12 awardees which will begin in February 2015.

ADG works as a tactical partner with many of its clients. Our full range of services offers clients an integrated approach to service excellence in facilities management, supply chain management, and janitorial services; all with a deep commitment to sustainability and corporate governance.

Our objective is to help our clients realize more return on investment, exceed their goals and improve the quality of service for their stakeholders.

Centers of Excellence:

- Supply Chain Management and Logistics Services
- Facility Management and Janitorial Services
- Communication Equipment Repair & Maintenance
- Medical Supply Services

WE SOLVE little PROBLEMS BEFORE THEY BECOME BIG PROBLEMS!

ADG has been solving problems for over 20 years. We will work with you to understand your unique organizational challenges and help you to achieve your goals. Give us a chance and you'll see why our clients and agencies have kept using ADG to help them move their missions forward. Let us partner with you to solve your little concerns before they become BIG problems.

WHY CHOOSE US

We are recognized as a nationwide provider of superior and reliable products and services as a prime supplier to the Federal government, service industries, educational institutions and product manufacturers. ADG has long-term, strong relationships and high quality personnel who specialize in customizing solutions to effectively provide clients with greater return on investment and cost reductions.

Vision:

Our vision is to be a premier global contractor delivering projects and services to a global marketplace. Our track record has proven that when faced with the task at hand, regardless of the challenges, we deliver the work that is expected of us.

Mission:

To provide best-in-class contracting services that exceed expectations with integrity and ultimately, superior sustainability and return on investment.

Core Values:

ADG's core values are the foundation of our approach to business in our daily work, our culture and have proved to be the key to our success. We're committed to a relentless dedication to Quality, Health, Safety, Environment, Transparency, and Financial Accountability.

We provide unparalleled expertise in global logistics and supply chain management offering one-stop shopping for all your transportation needs. From small packages to oversized project cargo, our comprehensive logistics services can handle the most complex and demanding jobs.

Our strategic partnerships and proficient team make all the difference in delivering customer satisfaction. Our highly skilled partners, UTC Overseas and Walker International Transportation, have offices across the globe that are staffed with expert teams dedicated to working closely with our clients to provide innovative solutions, thereby creating value which will contribute to your bottom line. We listen and continuously enhance and improve our work processes in order to remain in real time alignment with our customers’ needs and wishes

No matter what commodity you are shipping, your cargo is important to us and we go to extreme measures to ship it on time and with the utmost care. We know that delays can be costly to your business so we track your shipment every step of the way to ensure safe delivery.

FACILITIES SUPPORT SERVICES

ADG provides a variety of Facility Support Services to best serve your needs. Our experts help preserve every aspect of your facility, from grounds care and housekeeping to construction renovation, project management, and preventative maintenance.

Our experience includes Work Management contracts for custodial services, roof maintenance, gutter cleaning, window washing, trash collection, recycling pickup, and other specialized, technical, or defined-scope and term projects. ADG receives a percentage management fee for services performed under the contracts it administers.

JANITORIAL SERVICES

ADG offers affordable janitorial value for your tight budget demands, but where we shine above our competitors is our attention to quality. We don't compete on price; we compete on having a well-trained, e-verified staff, providing insured and bonded services, adding value to your organization through maintaining a clean and healthy environment, and ensuring that your total satisfaction is met.

We can customize a program that provides green cleaning services that are healthy for your office and safe for the environment. We have special equipment that utilizes only empowered water for a chemical free cleaning experience. Let us help you meet your goals. Let our team of professionals serve your organization by maintaining a productive work environment.

TECHNOLOGY AND TELECOMMUNICATIONS

We offer a full suite of Information Technology (IT) and Telecommunications products, services and solutions from highly qualified industry partners. These mission-critical communications services include Internet Protocol (IP)-based Transport Services, Managed Network Services to include security and a suite of Unified Communications Services for real-time collaboration. These Network Services (NS2020) will provide the future for government telecommunication/IT infrastructure solutions and upcoming initiatives such as Enterprise Infrastructure Solutions (EIS) acquisitions. Additionally, we offer full telecommunications infrastructure services that provide telecommunication equipment, labor, services and solutions for Federal infrastructure, buildings and campuses.

Services Offered

- Cloud
- Cyber Security
- Data Center Services
- Green IT
- Infrastructure Design, Installation and implementation
- Professional IT Services
- Software Products and Services
- Hardware Products and Services
- Customized Client Specific Systems
- Professional Services to Support Existing Networks
- Transition Planning and Integration Services

MEDICAL EQUIPMENT SUPPLIES AND SERVICES

In today's fast paced world where every second could be critical in responding to the needs of individual patients. ADG combines our experience in kitting, warehousing, transportation and IT to provide stellar services to meet the evolving needs of the healthcare industry. We focus on hospitals, clinics, physicians, dentists and assisted living facilities that have a need for the services and products we supply but need them consolidated and on an as needed basis. This could apply to supplies, repair services, equipment or other facility needs.

We have developed strategic partnerships and teaming agreements with trusted medical suppliers, such as McKesson, Medikmark, MedX Global Healthcare Solutions, Global Packaging Solutions and others, to help meet our customers' requirements. These relationships make it possible for us to deliver quality products, services, and private label supplies on chosen items that we can kit or store at our warehouse. Our medical vendors work with us to deliver excellent customer service, either through direct shipping or delivery from our warehouse. This provides our customers the option of maintaining smaller quantities on hand at their facilities with the ability to order on demand delivery of products. Our customers are able to keep the right amount of inventory on hand while keeping costs down and maximizing their inventory availability. This is a highly cost effective model for all parties involved in the supply chain.

Services Offered

- Lighting Retrofits
- Network installation
- Admissions Kits
- Janitorial
- Maintenance
- IV start kits
- Dressing change trays
- Suture removal kits
- Tracheostomy care kits
- Urological and irrigation trays
- Large OR and ER packs

We partner with Mitsubishi Electric to provide freight forwarding of railroad parts for the subway systems in various states (CO, PA and NY)

MANAGEMENT TEAM

Diana Patterson

President and Founder of ADG Enterprises, Inc., has over 20 years of management experience in the facilities management industries in government and commercial business sectors. She has orchestrated the growth and direction of ADG from its local base in the Atlanta area to cover clients as a multi-location management services firm with projects across the nation. In addition, she has strategically fostered a successful transition of ADG by expanding its capacity from facilities management to diversify into construction management, logistics and security services arenas. She has managed projects and supervised contracts for such companies as M&M Mars, Marriott Corporation, Hershey Foods and institutions such as the US Army, Defense Commissary Agency, General Services Administration, Redstone Arsenal, Defense Logistics Agency and Department of Homeland Security.

Ms. Patterson holds a degree from Millersville University and attended the Penn State Business Management certification program and has undergone training for entrepreneurs at Franklin and Marshall. She has received numerous awards for her pioneering business achievements including the 2013 WBENC GWBC® Ladies Achieving Continuous Excellence - LACE Awards, Category 2 (\$5 million in sales), the Atlanta Tribune Entrepreneur of the Year Award 2013, 2013 Graduate of GA Mentor Protégé Program (Lockheed Martin was my mentor), Lancaster Pennsylvania Entrepreneur of the Year Award and most recently the Woman Entrepreneur award by the Georgia Black Constructors Association.
